

## Newsletter 2017 - Feb

**Dear Customer,**

We would like to share this joyous occasion with you.

On February 8, 2017, Wavelength Opto-Electronic (S) Pte Ltd (WOE) was awarded the "Valued Partner Award" by Singapore's leading research agency. For more information, please see this link [CLICK HERE](#)

## Lasers :

- Compact femtosecond fiber lasers at 1560 nm, 780 nm
- Higher power levels, shorter pulses

- Tunable precision CW laser source (540 - 1300 nm)
- Narrow spectral line-width

- One-box laser (no external control unit)

For more info [CLICK HERE](#)

- 80 mW - 400 mW
